(Day 16) Automation Demo site)

Date Picker Disabled/Enabled

Date Picker Disabled   (enter)

click → Inspect → copy xpath . click.

Month & Date → Test get.

webelem a = xpath. gettext();   while (true)
    string t = a .get text ();   }.

        if (t . equals (" April 2025"))
            {.
(Month & year)   sysout (t);
                breck;
            }.
        else
            {   (button)
            driw (xpath (   ) . click();
        } }.

(Day) inspect . will make confusion every dat.

    customize xpath . td [(4)] → remove
                                    +a/td/a →v
    list < webelem> alldays = dvi . find elem(By xpath)

        for (web dat : all dar)
            {.

```
String data = dat elm. getText();
if (data.equals("8"))
{
    dat elm.click();
    break;
}
}
}
```
